

International Institute of Health Management Research

THE INSTITUTE

International Institute of Health Management Research, Delhi (IIHMR, Delhi), established in 2008 is a part of the society for Indian Institute of Health Management Research, Jaipur. IIHMR is set up with a mission to bring international standards through better management of healthcare and related programs in the country.

THE CAMPUS

The aesthetically designed and magnificently built campus of IIHMR is in Dwarka, New Delhi. The infrastructure as well as the facilities are at par with international standards and meet all academic and administrative requirements. The well-lit spacious air-conditioned classrooms equipped with audio-visual facilities create an atmosphere conducive to learning. The library is enriched with digital facilities and computer system. It is well equipped with textbooks, reference books, periodicals, print journals, e-journals and electronic gateway like J Gate, EBSCO, etc. The institute has an in-house gymnasium and a canteen facility for the student.

OBJECTIVES

1. To provide hospital management program as weekend course, for developing requisite managerial and business skills in hospital management.
2. To give opportunity to the working individuals who seek higher education while working to further their career in hospital management healthcare.

COURSE BENEFITS

By completing this executive program, the individual will develop the ability to understand the roles and responsibilities of hospital managers and gain the requisite skills for completing their assignment successfully. This course will orient them towards corporate culture, situational analysis, strategic planning, and decision-making in various domains of hospital management.
