ABOUT IIHMR

The International Institute of Health Management Research (IIHMR) Delhi NAAC 'A' accredited, apart of the IIHMR Society, was established in 2008, with a mandate to focus on national as well as international health priorities, with a special focus on the Asia-Pacific region. Over the years IIHMR-Delhi has emerged as an institute of repute both nationally and globally for producing socially conscious, skilled and vibrant top-class health care management professionals. Our graduates are well-matched for the ever-changing health care sector and evolving social milieu. The institute has progressed as a leader in research, teaching, training, community extension programmes and policy advocacy in the field of health care. IIHMR has carved out a niche for itself through its cutting-edge curriculum, infrastructure facilities and accomplished multi-disciplinary faculty.

MISSION

IIHMR is an institution dedicated to the improvement in standards of health through better management of health care and related programmes. It seeks through management research, training, consultation and institutional networking in a national and global perspective.

VISION

IIHMR is a premier institute in health management education, training, research, program management and consulting in the healthcare sector globally. The Institute is known as a learning organization with its core values as quality, accountability, trust, transparency, sharing knowledge and information. The Institute aims to contribute for social equity and development through its commitment to support programs aiming poor and the deprived population.

THE CAMPUS

The aesthetically designed and magnificently built campus of IIHMR is in Dwarka, New Delhi. The infrastructure as well as the facilities are at par with international standards and meet all academic and administrative requirements. The well-lit spacious air-conditioned classrooms equipped with audio-visual facilities create an atmosphere conducive to learning. The library is enriched with digital facilities and computer system. It is well equipped with textbooks, reference books, periodicals, print journals, e-journals and electronic gateway like J Gate, EBSCO, etc. The institute has an in-house gymnasium and a canteen facility for the student.
